External Academic Audit Report

Details of external academic audit findings for different departments in various constituent colleges of the university for the academic years 2019-20 & 2020-21 are as follows.

UNIVERSITY COLLEGE OF ARTS AND COMMERCE

Department of English:

- The pass percentage of students is satisfactory
- Department is advised to collect feedback from stake holders
- Students clearing competitive exams is excellent
- Faculty publishing articles in peer-reviewed journals is good
- Number of PhD scholars registered in the department is excellent
- Students clearing competitive exams is satisfactory

Department of Commerce and Management Studies:

- Students pass percentage is satisfactory
- Faculty publishing articles and publishing books is good
- Students are to be encouraged to enhance academic performance
- MoUs for academic and research collaboration should be signed with industry and academia
- Students registering for PhD is outstanding
- Department may explore a few more project funding opportunities

Department of Political Science:

- Feedback process implemented is satisfactory
- Department having experienced faculty is satisfactory
- Faculty publishing research articles, books published is satisfactory
- The department may organizing a few more seminars
- Students have to be motivated to face competitive exams

Department of Psychology:

- Student centric methods such as experiential learning is satisfactory
- Department is advised to collect feedback from stake holders
- Pass percentage of the students is satisfactory
- Faculty is appreciated should be involved in establishing counseling centers in the University
- Students clearing competitive exams should be encouraged

Department of Economics:

- Students pass percentage is satisfactory
- Faculty organizing webinars in spite of COVID, is excellent
- Faculty should participate and present research papers at national and international seminars / conferences/ workshops
- Students have to be motivated for achieving academic performance

- Students clearing competitive exams to be improved
- Faculty members should concentrate on more publications in reputed journals

Department of Telugu:

- The department should make efforts to conduct seminars/conference/workshops/training programmes for the faculty/research scholars etc.
- Department is advised to collect feedback from stake holders
- Department organizing webinars in spite of pandemic is outstanding
- Department should strive to increase PhD scholars
- Students excelling in competitive exams is satisfactory
- Collaborations may be established with regional and national level language institutes

Department of Social work:

- Student's pass percentage is satisfactory
- Faculty publishing books and articles is satisfactory
- Students qualifying in competitive exams is satisfactory
- Department organizing seminars and webinars is satisfactory in view of COVID pandemic
- Popular talks/expert lectures are to be organized more frequently with veteran subject experts and voluntary organization executives

UNIVERSITY COLLEGE OF SCIENCE AND TECHNOLOGY

Department of Aquaculture:

- Student's learning process based on practical oriented approach is satisfactory
- Department is advised to collect feedback from stake holders
- Department should have adequate faculty to support the teaching process
- Laboratories with necessary equipment to train students are to be strengthened
- Students qualifying in competitive exams is outstanding

Department of Biochemistry

- Student's pass percentage is good since the inception of department
- Department has to develop research facilities and promote research
- Students receiving awards and recognitions for academic performance is good
- Department organizing webinars in view of pandemic is excellent
- Faculty publishing articles is satisfactory
- Laboratories are to be equipped with more state of the art equipment

Department of Biotechnology

- Student-centric teaching is satisfactory
- Department has to strengthen the laboratories with advanced equipments
- Department is advised to collect feedback from stake holders
- Faculty contribution to research publications is outstanding
- Students clearing state level exams is good, however, it has to be increased
- Students are to be given awareness about biotech industry by seminars

Department of Zoology

- Students teaching-learning process is satisfactory
- Faculty publishing articles in peer reviewed journals is satisfactory
- Laboratories with minimum required equipment are to be established for practical purpose
- Students receiving awards for academic performance is satisfactory
- Department registering PhD scholars is satisfactory
- Faculty may explore project funding opportunities

Department of Botany

- Teaching and practical aspects are satisfactory
- Faculty members are having sufficient workload to complete the course work in time.
- Faculty involved in research projects is laudable
- The department may plan for developing a botanical garden in the university campus
- Students receiving awards for excellence in academics is good
- Faculty publishing research articles and books is satisfactory

Department of Geology

- Student's pass percentage is good
- The department's efforts towards getting project fund is commendable
- Laboratories are to be strengthened
- Faculty publishing research articles peer reviewed journals is satisfactory
- Students receiving awards for excellence in academics is outstanding
- The department introducing certificate courses is laudable

Department of Mathematics

- The teaching-learning process is satisfactory
- Faculty publishing research articles is laudable
- Faculty organizing webinars in spite of pandemic is satisfactory
- Students should be motivated to qualifying competitive exams
- Senior faculty from other universities is to be invited frequently to deliver guest lectures

Department of Physics

- The pass percentage of the students is good
- Faculty publishing books is satisfactory, however may publish articles as well
- Students receiving awards for academic performance and competitive exams is laudable
- Faculty receiving awards and recognitions is outstanding
- Students qualifying competitive exams is satisfactory

Department of Chemistry

- Faculty publishing research articles and books is outstanding
- Students receiving awards for better academic performance is appreciable
- Department should organize few more seminars and workshops
- Department may explore extramural funding opportunities

UNIVERSITY COLLEGE OF ENGINEERING

Department of Computer Science and Engineering

- Students clearing national international exams is outstanding
- Faculty receiving awards/recognition of fellows is laudable
- Faculty receiving awards, recognitions and fellowships is laudable
- Students registering for PhD is outstanding
- The Department is suggested to explore the options for consultancy activity and is advised to sign MoU with international and National collaborators
- Department is appreciated for good placements

Department of Electronics and Communication Engineering

- The faculty are encouraged to cultivate self-study process in the students
- The department is advised to collect feedback from stake holders
- Faculty should focus on research activity and publications and participate in seminars
- Department should encourage student participation in NSS activity
- The department is suggested to conduct seminars and workshops
- The department is encouraged to collaborate with industry

Department of Electronics and Instrumentation Engineering

- Students pass percentage should improved
- Department should prepare academic calendars
- Faculty should focus on consultancy and research activities
- Students are to be encouraged to face competitive exams
- Department should encourage student to register for NSS activity
- The department is suggested to maintain placement records

Department of Mechanical Engineering:

- The department is suggested o prepare curriculum
- Department is also suggested to chalk out faculty and other staff requirement
- Department may need accelerate the research publications
- Department should motivate students for overall students development

Department of Civil Engineering:

- Department is appreciated for collecting feedback from the stakeholders
- Department needs to focus on lab infrastructure development
- Department should maintain records of mentor-mentee system
- The department should focus on placement for the students through collaborations etc.

Department of Science and Humanities:

- The department is appreciated for developing the curriculum
- Faculty should invite guest lecturers from other institutes
- Publications are to be made by the faculty.
- Laboratories are to be strengthened.
- Faculty members need to concentrate on research activity.

UNIVERSITY COLLEGE OF EDUCATION

Department of Education:

- The department is appreciated for organizing webinar and seminars during pandemic times
- The department is advised to collect feedback from stake holders
- Awards and recognitions received by faculty is praiseworthy
- Students should be encouraged to succeed in the competitive exams
- Faculty publishing articles in journals is satisfactory

Department of Physical Education:

- Students receiving awards for better academic performance is outstanding
- The department has adequate number of faculty for the teaching
- Faculty publishing articles is satisfactory
- Students clearing competitive exams is satisfactory

AKNU MSN CAMPUS:: KAKINADA

Department of English:

- The pass percentage of students is satisfactory
- Faculty may focus on publishing articles in journals
- The department is appreciated for collecting feedback from stake holders
- The department may organize more seminars and workshops
- Students qualifying competitive exams is satisfactory

Department of Economics:

- Faculty receiving awards is laudable
- Faculty publishing articles in journals is satisfactory
- Students qualifying competitive exams is satisfactory
- The department is advised to collect feedback from stake holders
- The department may plan organizing national seminars and guest lecturers

Department of Computer Science and Engineering:

- Faculty publishing articles in journals is satisfactory
- Department has adequate faculty with qualifications compliant with curriculum
- The department is appreciated for collecting feedback from stake holders
- Department is appreciated for getting patents on research work
- Students are to be encouraged to face competitive exams actively

Department of Commerce and Management Studies:

- Faculty publishing articles is satisfactory
- Students pass parentage is satisfactory
- The department is appreciated for collecting feedback from stake holders
- The department may collaborate with industry and arrange invited guest lectures

Department of Political Science and Public Administration:

- Students pass percentage is good
- Faculty publishing articles in journals is satisfactory, however they may be increased
- Focus should be research activity to register PhD scholars
- Students are to be encouraged to face competitive exams actively

Department of Mathematics:

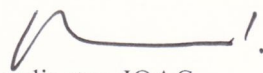

- Full-time faculty members are to be recruited.
- Students pass percentage is to be improved.

AKNU CAMPUS:: TADEPALLIGUEDEM

Department of Management Studies:

- Students receiving awards for better academic performance is satisfactory
- Faculty should focus on publishing articles in journals
- Department may encourage students to qualify competitive exams
- Faculty organizing seminars and workshops satisfactory, however, may have invite guest lecturers

Department of Pharmaceutical Sciences:

- Students pass percentage is satisfactory
- Faculty publishing articles in journals is satisfactory, however, they may publish more articles
- Department should organize seminars and conferences for awareness about developments in enhanced pharmaceutical sciences
- Students are to be encouraged to face competitive exams actively

Department of Physics:

- Department should have faculty to meet teaching load and, necessary non-teaching staff for the departmental activities
- Department should develop curriculum and academic calendars
- The department should also develop laboratories for teaching practical aspects
- Faculty are encouraged to be encouraged to participate in national seminars

Department of Organic Chemistry:

- Department is appreciated for developing curriculum and academic calendars
- Student pass percentage is satisfactory
- Department is advised to develop laboratories
- The department should also develop laboratories for teaching practical aspects
- Faculty are encouraged to motivate students for academic excellence and also face competitive exams

Department of Analytical Chemistry:

- Department has to look after teaching faculty and non-teaching requirement
- Department should develop curriculum and academic calendars
- The department should also develop laboratories for teaching practical aspects
- Faculty are encouraged to motivate students for academic excellence and also face competitive exams
