Internal Academic Audit Report
UNIVERSITY COLLEGE OF ENGINEERING

Department of CSE

- The department should explore for research consultancy and collaborative activities.
- Faculty should be encouraged to attend and present research work in national and international seminars, conferences and workshops to increase the visibility of their work.
- A good number of lectures/workshops and training programmes have been conducted by the department which is commendable.
- The department should provide the remedial strategies to improve the student results.
- Advanced computer laboratory can be facilitated to the students.
- The implementation of automated feedback system for academic performance of faculty from the students is appreciated.
- The department should provide and facilitate placement opportunity for the students.
- The Department should organize events and competitions for students through student clubs (BIT).
- A good number of students were qualified in national level competitive examinations like NET and GATE.

Department of ECE

- The department should encourage faculty for active research and present the same in national and international events.
- The Department should establish sophisticated labs and workshops for the benefit of the students.
- Department is advised to invite academicians from reputed organizations and conduct Guest Lectures.
- The department should encourage to conduct remedial classes for slow learners.
- The department should provide and facilitate placement opportunity for the students.
- The departmental library should strengthen and suggest some good books to Central Library in accordance with the curriculum.

Department of EIE

- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- The Department should establish sophisticated labs and workshops for the benefit of the students.
- Student chapters/ professional bodies/student clubs and other co-curricular activities should be supported.
- Students are encouraged to carry out projects/internships at various reputed organizations.
- GATE coaching classes should be arranged for the benefit of the students.
- Faculty should be encouraged to publish articles in reputed journals.
- The department should provide and facilitate placement opportunity for the students.

Department of Mechanical Engineering

- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- Department should be established in separate block with all amenities.
- The department should establish the departmental library and suggest a good number of volumes to the central library.
- The department should establish a sophisticated laboratory for the students to get practical approach.
- Faculty should be encouraged to attend Webinars/FDP'S/Workshops/Seminars /Conferences to present their research work and gain current research knowledge.
- Department has to encourage the students to participate in NSS and different co-curricular activities.
- The department should encourage student placements.

Department of Civil Engineering

- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- Department should be established in separate block with all amenities.
- The department should establish the departmental library and suggest a good number of volumes to the central library.
- The department should establish a sophisticated laboratory for the students to get practical approach.
- The department should explore for research consultancy and collaborative activities.
- Faculty should be encouraged to attend and present research work in national and international seminars, conferences and workshops to increase the visibility of their work.

Internal Academic Audit Report
UNIVERSITY COLLEGE OF SCIENCE AND TECHNOLOGY

Department of Aquaculture

- The department has organized field trips and field visits to students to create awareness on biodiversity.
- Research facilities have to be increased for both students and research scholars.
- Faculty need to apply for research projects to improve research facilities and strengthen the department.
- The Department should establish laboratory for the benefit of the students.
- Student chapters/ professional bodies/student clubs and other co-curricular activities should be supported.
- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- Students are encouraged to carry out projects/internships at various reputed organizations.
- The department is very good at facilitating placement opportunity for the students.
- Department has organized National webinars on current trends and try to conduct more numbers of seminars, workshops etc.
- The department is good at organizing training programs to enhance the practical knowledge to the students at the state and national level fisheries institutes like National institute of fisheries post-harvest technology training (NIFPHATT).

Department of Biochemistry

- The department has organized field trips, industrial tours for the students to visit reputed research institutes and botanical gardens to get more practical knowledge.
- The Department should establish laboratory for the benefit of the students.
- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- The department has taken all necessary actions to take online classes to continue the academic work without interruption.
- The department supports the participation of faculty in various research activities.
- Research facilities have to be increased for both students and research scholars.
- Faculty should concentrate on research publications in reputed international/national journals.
- The department has to conduct more numbers of seminars, workshops etc in the current trends.
- The department needs to encourage faculty to participate in collaborative projects and concentrate on consultancy.
- The department should provide and facilitate placement opportunity for the students.

Department of Biotechnology

- The department recorded good pass percentage for the past academic years and students received Pratibha awards, and qualified NET/SET for their performance in the academics
- The Department should establish laboratory for the benefit of the students.
- The department has organized field trips, industrial tours for the students to visit reputed

research institutes and botanical gardens to get more practical knowledge.

- The department supports the participation of faculty in various research activities.
- Faculty should concentrate on research publications in reputed international/national journals.
- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- During lockdown period, faculty involved in various research activities which has resulted in a significant increase in the research outcome and quality research publications.
- The department should provide and facilitate placement opportunity for the students.
- Research facilities have to be increased for both students and research scholars.
- The department has to conduct more numbers of seminars, workshops etc.
- The department needs to encourage faculty to participate in collaborative projects and concentrate on consultancy.

Department of Zoology

- The department has good laboratory facility and museum for the benefit of the students.
- The department supports the participation of faculty in various research activities and should concentrate more on research projects and publications.
- The department has organized various field visits and field trips for the students.
- The department recorded good pass percentage for the past academic years and students received *Pratibha* awards, and qualified NET/SET for their performance in the academics.
- The department should provide and facilitate placement opportunity for the students.
- Research facilities have to be increased for both students and research scholars.
- The department needs to develop animal house facility in the campus.
- The department has to conduct more numbers of seminars, workshops, conferences etc.
- The department needs to encourage faculty to participate in collaborative projects and concentrate on consultancy.
- The department can arrange adjunct lectures in the current prominent areas.
- During lockdown period, faculty involved in various research activities which has resulted in a significant increase in the research outcome and quality research publications.

Department of Physics

- The department supports the participation of faculty members which has resulted in a significant increase in the research outcome and quality research publications.
- The Department should establish advanced laboratory for the benefit of the students.
- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- The department should encourage and support the students to appear competitive examinations like NET/SET/GATE/UPSC etc.
- The department should provide and facilitate placement opportunity for the students.
- The department has to conduct more numbers of seminars, workshops, conferences etc.
- Department has organized good number of Webinars and Faculty Development Programs on current trends in physics.
- The department needs to encourage faculty to participate in collaborative projects and concentrate on consultancy.

- The department should encourage the students to participate in NSS, Youth Red Cross and different socio-cultural activities.
- The department can start student chapters and student clubs to encourage and enhance their capacities and creativity.
- The Alumni Association was formed as the “Quan Team” Alumni Association and alumni meets are also arranged.

Department of Chemistry

- The department supports the participation of faculty in various research activities and should concentrate more on research projects and publications.
- Department has to conduct more seminars, workshops and conferences etc.
- During lockdown period, the department encouraged the faculty to involve in various research activities which has resulted in a significant increase in the research outcome and quality research publications.
- The department has good laboratory facility and can strengthen with advanced equipment for the benefit of the students and research scholars.
- The department can arrange adjunct lectures in the current prominent areas.
- The workload is sufficient for the entire faculty, and student teacher ratio is well suited according to UGC.
- The department recorded good pass percentage for the past academic years and students received *Pratibha* awards, and qualified NET/SET for their performance in the academics.
- The department should provide and facilitate placement opportunity for the students.

Department of Geo-Sciences

- The programs offered by the department include M.Sc. Geology in Petroleum Exploration and M.Sc. Geo Physics focuses on employability and skill development in the concerned field.
- The department encouraged the students to go for field visits and do project works in various reputed organizations.
- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- Faculty need to apply for research projects and should concentrate on research activity.
- More number of seminars/workshops/conferences has to be organized.
- Students are to be encouraged to undertake their final year project works in national organizations.
- The faculty of the department participates in various research activities which have been resulted in a significant increase in the research outcome and publication of quality research.
- The department has good laboratory facility and can strengthen with advanced equipment for the benefit of the students and research scholars.
- The department should plan for more number of industrial tours and field trips for the benefit of the students.
- The department should provide and facilitate placement opportunity for the students.
- The department can organize more number of adjunct lectures in the current prominent areas.

Department of Mathematics

- The department supports the participation of faculty members which has resulted in a significant increase in the research outcome and quality research publications.
- The Department should establish laboratory with relevant software package for the benefit of the students.
- The faculty were participated in many webinars and faculty development programs
- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- The department should encourage and support the students to appear competitive examinations like NET/SET/GATE/UPSC etc.
- The department should provide and facilitate placement opportunity for the students.
- The department has to conduct more numbers of seminars, workshops, conferences etc.
- During lockdown period, the department encouraged the faculty to involve in various research activities.
- The department should take the necessary actions to carry out the final year students projects outside the campus.
- Students actively participated in Swatch bharaath, sports, cultural activities and NSS events.
- The department has arranged and delivered online teaching arrangements for the students in the pandemic.

Department of Botany

- The Department should establish laboratory with proper equipment for good academic performance of the student.
- The department needs to increase student pass percentage.
- During lockdown period, the department encouraged the faculty to involve in various research activities which has resulted in a significant increase in the research outcome and quality research publications.
- The department needs to develop botanical garden and green house in the campus so that more hands on training can be given to students.
- Faculty strength in the department should be increased to suit the faculty student ratio and workload.
- Faculty needs to participate in more faculty development programs, seminars, workshops etc. and present more number of research papers.
- Student should be encouraged to participate in seminars/conferences and to write NET/SET examinations.
- The department needs to encourage faculty to participate in collaborative projects and concentrate on consultancy.
